Muhammad Umair

React Native Developer

I have 1.2 years of experience in React Native. As an Android app developer, I'm recognized for creating high-quality mobile apps that meet user and business requirements. I'm skilled in making user-friendly interfaces, connecting to APIs, and using third-party libraries. I follow best practices in mobile development and excel in teamwork, consistently exceeding client expectations.

EDUCATION

BS(Hons) in Computer Science
2019 - 2023 (Completed)

National College of Business Administration & Economics

SKILLS

- JavaScript
- React Native
- Firebase
- API integration
- UI Design
- Push Notification
- Redux Toolkit

WORK EXPERIENCE

React Native Developer

- **Creative Logicx**

I worked at Creative Logicx, where I contributed to projects like a wallet app and exam apps. This improved my app development, problem-solving, and teamwork skills. I loved the creative atmosphere, which helped me deliver quality solutions and surpass customer expectations.

React Native Developer

- **Lime Technology**

I was an Android app developer at Lime Technologies, where I learned new technologies, mastered app integration, used Firebase services, and created 'Banolive,' a BigoLive-like project. Our team emphasized user-friendly Android apps, and this experience enhanced my mobile app development skills.

PROJECTS

E-Learning App

- Responsive UI
- User Authentication
- User-friendly, secure, diverse content.

Weather App

- Responsive UI
- Weather Report
- Tem, wind speed, 15-day forecasts

Ecommerce App

- Designed an online store app.
- Improved product display and navigation.
- Streamlined shopping experience.
- Employed Redux Toolkit.
